

Digital Trade Show Bag

**Digital
Solutions.**

Precisely Tailored.

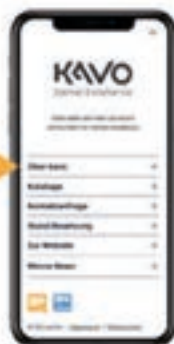

One QR code scan contains everything: The Digital Trade Show Bag

With your registration in the IDS.online Portal, you will receive your individual QR code.

Place this QR code at your exhibition or conference stand to provide your visitors with easy access to all your information.

Benefits:

- All your stored **PDF catalogs, company and product information** can be viewed and bookmarked.
- Expand and edit your information at any time, e.g., with links and special promotions.
- Information can be **sent via email or downloaded**.
- Easy contact options during and after the trade show.
- You can **track how often your QR code has been scanned** in the IDS.online Portal.

The Digital Trade Show Bag can be used at any trade show or congress.

Offer your visitors a modern and sustainable source of information.

Your visitors now have all data at their fingertips, without the risk of losing anything. Another advantage is that you can naturally share all your contact details easily and conveniently with your customers through the "Digital Trade Show Bag".

Neither you nor your visitors need an app or similar software for this, our service is **exclusively browser-based**.

Sehen Sie sich hierzu auch gerne das Erklärvideo auf unserer Homepage an.

Feel free to watch the explanatory video on our homepage.

You can easily access this by scanning the QR code on the back.
