

DMEX

Dental Media Exchange Platform

**Digital
Solutions.**

Precisely Tailored.

Professional Digital Asset Management - at a fraction of the usual costs.

**Present your digital media clearly,
structured, and organized.**

Quick and easy access at any time.

The **PDH-DMEX** is the ideal portal for
showcasing all your products.

Display your entire product portfolio clearly
for **marketing, sales, or partners** - quickly and
easily accessible.

Also utilize the press portal for your press
releases and clearly provide all current logos,
fonts, and other CI Information as well as
social media content in the
"Brand Essentials" section.

**This way, all employees and partners are
always up to date.**

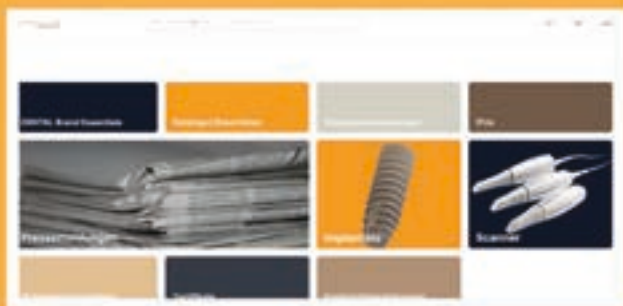

The possibilities for implementing this service
in your company are diverse - from an image
database to press portals. DMEX adapts to
your requirements.

Dental Media Exchange Platform

How your company benefits from PDH-DMEX:

- **No more outdated Images:** Only one high-resolution version is stored, and all other formats are generated upon request.
- **Format variety without effort:** JPG, PNG, TIFF, etc. available instantly in any size.
- **No expensive licenses:** View PSD, INDD & AI-files without Adobe license
- **Optimales Digital Asset Management:** Find and organize images quickly.
- **Easy sharing of your content:** Share large files securely without email limits or third-party providers
- **Your rules, your structure:** Build your Digital Asset page according to your wishes.
